

**Clement Adebamowo**

**MD ScD FWACS, FACS,**

Professor, Division of Cancer Epidemiology,  
Department of Epidemiology and Public Health,  
Member, Greenebaum Cancer Center and  
Institute of Human Virology  
University of Maryland School of Medicine,  
Baltimore, MD

[cadebamowo@ihv.umaryland.edu](mailto:cadebamowo@ihv.umaryland.edu)

Research Scientist,  
Institute of Human Virology, Nigeria

INSTITUTE OF HUMAN VIROLOGY

# Research areas of interest

- **Non communicable diseases research – particularly cancer research,**
  - Cervical cancer and HPV infection research
  - Breast cancer
  - Cancer registration
  - Diabetes mellitus
- **Nutrition epidemiology**
  - Development of tools e.g. FFQ, FCD etc.
  - Association between diet and diseases
- **Genomic/genetic epidemiology**
- **Research ethics**

# Current funded research

- U54 – Collaborative Center Grant – African Collaborative Center for Microbiome and Genomics Research – exploring epidemiology, genomics and vaginal microenvironment and their association with persistent hrHPV and cervical cancer
- Wellcome Trust funded study of the Burden, spectrum and etiology of type 2 diabetes in sub-Saharan Africa
- U01 - Indigenous linguistic and cultural concepts of heritability and comprehension of genomics research in Nigeria
- 2 NIH training grants – in research ethics and life course epidemiology
